***What is your child learning?***

*The school website provides clear and comprehensive curriculum planning that allows parents to see exactly what their child will be learning throughout the year. By visiting the class pages, families can access termly learning overviews and detailed breakdowns of subjects, ensuring they feel informed and connected to their child's educational journey. This also helps parents support learning at home. <https://www.stjohnsburscough.co.uk/class-pages>*

***Jam Coding Club – Starting After Easter***

*We are excited to share that Jam Coding Club will be joining us after the Easter break! This club introduces children to the world of coding in a fun, creative and accessible way. Infant children will be able to attend sessions on Tuesdays after school, and Junior children will have their club on Wednesdays after school.*

*Throughout the programme, pupils will have the opportunity to learn how to build their own computer games, explore digital creativity and develop important problem-solving skills—all while having great fun. Further information on how to sign up has been sent via email.*

We raised £90 for Comic Relief –  
Thankyou for all your donations.

### **PE Kit Reminder,**

We would like to remind parents that PE kits, including black trainers and hoodies, should only be worn on days when children have PE. On all other days, children should attend school in full school uniform.

This helps us maintain a consistent appearance across the school and ensures children are dressed appropriately for learning. We kindly ask for your support in checking that PE kit items are only worn on designated PE days.

Thank you for your cooperation and continued support.
